COMMERCIAL PROJECTS

"We have interior design experience throughout varied commercial spaces, hotels, bars, restaurants, office spaces and private leisure suites.

We are able to bring our unique design perspective to any commercial environment.

With a vast knowledge of project styling, clients more than often ask us to be involved in overseeing the creative styling direction from a commercial sense, whether it be shop window dressing, staff uniforms, corporate identity, restaurant menus and other aspects of media based literature, this allows us to enhance the corporate image for the proposed environment to work seamlessly and effectively."
