WHO WE ARE!

Brain2fact Recycling

Is a member of Brain2fact group
(Since 2006).

We started in 2017
with a governmental initiative to
encourage the

Go Green Direction.

The beginning was a small kiosk in Heliopolis,
then a warehouse till we became this big.

Our Services

- 1- Saving all the Solid materials from admixture with the organic ones, which help the factories and companies in finding the raw materials.
- 2- Reducing the import of some materials cause of saving it from the local market.
- 3- Providing a sum of money for the lower categories.
- 4- Saving the environment from pollution and working on go green projects.
- 5- Offering some new recycled materials based one the idea of green environment.
- 6- Giving lectures in the schools and universities for the awareness of the importance of the recycling in general.
- 7- Giving the facility of collecting the solid materials from the clients including super markets, schools, etc.

OUR TARGET

We believe:

That we have a responsibility towards our society and our country as well, so we have a message to work on which is to aware the people with all categories of the importance of recycling for our environment, health and economy.

OUR CLIENTS

As well as we are working on a national project we found a lot of International Companies and brands would like to cooperate with us like:

Ramses Hilton, Ic Waikiki, Four seasons, MIU University, etc

OUR PORTFOLIO

Our portfolio is showing our success journey and
the challenges we have defeated

OUR PORTOFOLIO

OUR PORTOFOLIO

OUR PORTOFOLIO

Saving Our Environment !

Recycling can be a fundamental key to help us save our environment, by conserving energy, reducing pollution, and keep our natural resources clean.

Recycling is the process of collecting and processing materials that would otherwise be thrown away as trash and turning them into new products.

- Saves energy
- Reduces the amount of waste sent to landfills and incinerators
- Encourages people to "Go Green" by conserving natural resources such as timber, water, and minerals.
- Supports the economy by relying on a domestic source of materials
- Prevents pollution by reducing the need to collect new raw materials
- Helps create jobs in the recycling and manufacturing industries

**THE
BENEFITS
ARE
ENDLESS**

WHY RECYCLING?

- Recycling Can **SAVE YOU MONEY.**
- Recycling **CREATES JOBS.**
- Recycling **SAVES ENERGY.**
- Recycling **INCREASES COUNTRY REVENUE.**
- Recycling Can **REDUCE POLLUTION.**
- Recycling **SAVES THE ENVIRONMENT.**

don't forget to
recycle

Recycling just one plastic bottle **saves** enough **energy** to power a CFL bulb for 30 hours.

do the **right** thing
use the **RIGHT** BIN

don't forget to
recycle

Recycling one tonne of paper/cardboard **saves** 30,000 litres of **water.**

do the **right** thing
use the **RIGHT** BIN

don't forget to
recycle

Recycling just one aluminium can **saves** enough **energy** to run a television set for 3 hours.

do the **right** thing
use the **RIGHT** BIN

don't forget to
recycle

Recycling just one glass bottle **saves** enough **energy** to power a washing machine for 10 minutes.

do the **right** thing
use the **RIGHT** BIN

ITEMS TO BE RECYCLED

RECYCLE

EMPTY AND RINSE ALL CONTAINERS. DO NOT BAG YOUR RECYCLABLES. DO NOT FLATTEN CONTAINERS.

PLASTICS CARTONS METAL GLASS

NEWSPAPER, MAGAZINES AND BOOKS PAPERBOARD OFFICE PAPER AND MAIL FLATTENED CARDBOARD
